

GWCS TESTIMONIALS

I cannot say enough wonderful things about my daughter's experience at Greater Works Christian School. Since my daughter has been enrolled in the T-K program, she has grown in her vocabulary, writing, and social skills. Most importantly, she is learning the love of God and how to express God's love to her fellow classmates. I've even noticed a change in the way that she prays during meal time or at bed time. She looks forward to Missions Tuesday where she can share her gift with others and show kindness to the poor. Additionally, the anointed teachers and small class size, enhance my daughter's learning environment. I am extremely pleased with my daughter's progress as a student at Greater Works Christian School. My only regret is not enrolling my older children. I highly recommend sending your child to Greater Works Christian School as a swell investment in their spiritual and academic growth....Dr. Contessa Sims

My granddaughter has been attending Greater Works Christian School since kindergarten; she is now in fourth grade and has grown not only spiritually but has developed the personality of a strong and dependable individual. The individual attention given by the staff and faculty is what I feel aides in the growth of our children. With the help of the Lord and Greater Works, she will be able to continue her education with them and grow even stronger as a Child of God.....Therese Sadowsky

In this day and age, it gives me great comfort in knowing that my child goes to a school where the name of Jesus is being lifted up and prayer is encouraged instead of discouraged. My daughter has thrived academically in this environment. The teaching staff are great and my child really loves being involved in the Missions activities; and I love how the school applies biblical principles to character development. Great School! - - - Kelcy Mitchell

Deciding to send our son to GWCS we knew he would be given the opportunity to learn and grow fundamentally as well as spirituality. We live to teach our children God's love and to give Him glory in all things. What better way to reinforce that foundation through his education. GWCS is more than education, it's a family. We believe that's priceless!! - - - Shantel and Sylvain Elessie

We enrolled our son at Greater Works in 2013 for Transitional Kindergarten and loved it so much we couldn't image not coming back and it was definitely the right decision. My son is thriving in Kindergarten this year! The small class sizes afford so much individual attention that if he has an issue,

the teacher can spot it right away and address it.

The entire environment is so positive and the school is a family. My son is taught character building and lessons in Missions class that are shaping him into an even more caring, nurturing, polite, selfless little man who knows God. It truly is amazing and the best decision we could have made to ensure his bright future....Mark & Kristie Keller

In a day and age where Christian values are under attack my wife and I are thankful for a school like Greater Works Christian School that partners with parents to give a Christ centered educational experience with a biblical worldview. We appreciate the staff and faculty who helped our son through a difficult transition period with the agape love of Jesus Christ.....Clyde & Laura Morris

Our daughter was in a Christian daycare since 3 months old. From home instruction supported by lessons from daycare, her learning accelerated to the point that we needed to move her into a fulltime school setting. As we began to inquire about local pre-school options, we became discouraged to find none that started for 3 year olds. So, my husband and I began to pray for God to reveal to us what was the best decision for our daughter's educational development. About a week later, I received an envelope that appeared to be junk mail. But something inside me said, "Open it." The letter was from Greater Works Christian School. After reviewing the literature and touring with Pastor Bill, we enrolled our daughter in the full-time Pre-K 3 program in the fall of 2012.

She has excelled spiritually, educationally and socially since being a student at GWCS. Mrs. Becca (former Pre-K 3 teacher), Miss. Taylor (Pre-K 4 teacher) and Mrs. Wabby (Kindergarten teacher) have made positive lasting impressions on our daughter's development. She LOVES going to school, and counts down days when she can return after the weekend and school breaks!! She enjoys the variety of special subjects especially Art, Computer and Missions.

We appreciate how she was encouraged and challenged appropriately in each class, which built her confidence in learning. She is now a strong reader at 5 years old and is assisting us in teaching her younger brother (2 years old) the fundamental skills of letters, colors, numbers and shapes to prepare him for Pre-K 3 in the fall.

Greater Works Christian School has been an incredible blessing to our family. I would strongly recommend this as a top choice of schools in Pittsburgh to any parent!!!...Misha Renee Young

My son has always done fairly well in school, but I always felt he was missing out due to the number of students in his class. My son was 1 of 26 kids in his old class/school. Now he is 1 of 9 kids. One day my son came home from school and said, "Mom I thought you said that God created the earth, well my teacher said a big bang created the earth." It was in that moment I knew I had to put my son in a Christian school, because it taught my son the same values I was teaching at home. I knew once I returned to Pittsburgh after being in the military I wanted to put my son in GWCS. My son is the second generation to attend Greater Works Christian School. In fact my son has the same teacher I did when I went to GWCS. I am very grateful for the things my son has learned since being at GWCS, and how much he has flourished....Brittany Turner
